INTRODUCTION

YANATRIP Co., Ltd. has maintained a strong network with reliable global tourism companies since its establishment in 2015. After its establishment, it was selected as a tourism venture company by the Korea Tourism Organization as a "tour and activity platform" and challenged the global startup market.

In 2016, it attracted investment from the American travel startup incubators and was selected as a "Chinaccelator" under SOSV in 2017 and received about \$80,000 in seed money investment.

In 2019, we signed a GSA contract with the Arabian Adventures, a member of the Emirates Group, providing specialized products from the UAE and the Middle East.

Despite the global pandemic in 2020, YANATRIP's service continues to grow without stopping. Sales growth continues through government agencies, associations, and corporate clients. Despite the uncertainty of the COVID-19 situation, various events have been completed safely and smoothly, and we got trust from customers through positive feedback.

In 2022, a liaison office was opened in Dubai. We plan to expand to the United Arab Emirates, Oman, Qatar, and Saudi Arabia to grow into a [DMC](#) in the [Middle East](#).

Why **YANATRIP** ?

**One-stop
service
for
business trips
in the Middle East**
