

# NANO BANANA IN PHOTOSHOP: PROMPTS FROM THE VIDEO

FROM PIXIMPERFECT | VIDEO LINK: [HTTPS://YOUTU.BE/RJ2EQKK\\_JXI](https://youtu.be/RJ2EQKK_JXI)

---

## → Remove crossed-out people:

- ◆ Remove the people crossed out in red (or whatever color you used to cross them out)
- ◆ Remove the red-crossed people

## → Remove glare from glasses:

- ◆ Remove all reflections covering the eye (this prompt takes a few tries with Nano Banana)
- ◆ Remove the glasses but keep the spectacle frame (works for non-tinted glasses)
- ◆ Remove all reflections (works well with Flux, takes a few tries)

## → Increase the resolution of a small area:

- ◆ Restore and sharpen this blurry photo and add details

## → Change outfit:

- ◆ Change the outfit to \_\_\_\_\_ (the outfit of your choice, also ensure to select just the outfit area with some breathing room for highest quality)
- ◆ Add jewellery/hat/cap/sunglasses/accessories  
(Also, sometimes remember to remove existing accessories to match the outfit of your choice better.)

## → Recover lost details:

- ◆ Add details to his/her dress/shirt
- ◆ Add embroidered details to her dress
- ◆ Add fabric texture to his shirt

## → Simple Photo Restoration:

- ◆ Restore this old photo to look as if it were taken today with a high-resolution modern digital camera
- ◆ Restore this old photo to look as if it were taken today with a high-resolution modern digital camera with a three-point lighting setup. Refine and sharpen the background and make it realistic.
- ◆ Restore this old, blurry photo to look as if it were taken today with a high-resolution modern digital camera. Add details and color.

## → Photo restoration with lighting change:

- ◆ Restore and color this photo and change the background to a dark interior. Change the lighting to harsh sunlight, creating harsh and sharp shadows on the face.
