

The classic driving game is here!

You're in the drivers seat and the track is just ahead of you on the television screen.

Your car is permanently fixed at the bottom of the screen. All you have to do is accelerate and steer the car through one of the three tracks. Each time you veer off the track and hit one of the pylons your car will crash.

Try to be the best Night Driver and aim for the highest score!

Enjoy this conversion from the classic ATARI game brought to you by Karoshi Corporation!
