

Kakao Pay

Company Brief

effortless finance
Kakao Pay

kakaopay

effortless finance

Kakao Pay was first unveiled in Sept. 2014. The very first payment system in Korea, Kakao Pay expanded its services into financial services such as payment, money transfer, bill payment, membership, authentication and recently investment service. Kakao Pay, a techfin* corporate, continues to provide new financial services and is growing into a life financial platform that allows valuable FLOW (Finance, Life, Open, Worth). Kakao Pay has changed our financial behavior, evolved our lives and will continue to make great changes in the future.

*techfin: technology leading finance unlike fintech

bring together

Our growth could not have been achieved without partnerships. We grow together for bigger and more meaningful influences.

together with global partners

On February 21st, 2017, Kakao Pay Corp. establish a partnership with Ant Financial, who currently boasts over 450 million users worldwide, and brings new digital financial innovations.

Through Ant Financial, users can hail a taxi, book a hotel, buy movie tickets, pay utility bills, make appointments with doctors and purchase wealth management products directly from within the app. The strategic partnership between Kakao Pay and Ant Financial aims to bring comprehensive digital financial services to Kakao Pay's 43 million plus users, leveraging the strength of Ant Financial in mobile payment, risk control, cloud computing and innovative financial services.

together with international partners

Kakao Pay will soon be available worldwide. When traveling abroad, from purchasing plane tickets, using transportation, store purchases, to souvenir shopping, you could make overseas payment just with Kakao Pay. Likewise, international travelers could enjoy traveling in Korea through technology partnerships.

all together

We all grow together through life financial
partnerships and cooperation

shape the future

Kakao Pay has brought about tremendous changes so we could enjoy financial life in a secure environment, approach finance with no hesitation, and easily appreciate finance with no difficulties. These changes were made with our clear goal 'valuable FLOW'.

Kakao Pay is a life financial platform

Kakao Pay pursues a techfin platform service that provides useful and valuable life financial services through studying and understanding customers' behaviors.

Our commitment through our services

We live in a world where we become walletless thanks to technology. We pay mobile, send money mobile, and pay our bills mobile. Things we do became easy, yet many things are still inconvenient and complicated. We download too many financial applications, go through sophisticated authentication certificate process.

Kakao Pay makes all these happen in one place. Within the platform, you exchange, pay online and offline, and easily invest in various financial products. We allow you to monitor and manage your asset FLOW in one place.

Our job is to let you save well, spend well, and manage well. We break the old habit and do our best for better services. Simplify complicated processes and bring benefits while reducing inconvenience. Rich or poor in asset and knowledge, whenever wherever, we are to make anyone appreciate valuable FLOW with Kakao Pay.

Simple deferred payment

Deferred payment to easily use transportation.
You will use transportation walletless, cardless.

Necessary insurance

Insurance with necessary coverages. You compare
and select coverages that you only want.

Diverse investment

Diverse investment products with higher return
and less risks. Secure and superior partnerships
for profitable investment.

Quick exchange

The day exchange with up to 90% more favorable
than going rate. You exchange quickly when needed,
while fully enjoy the benefit.

Recognizing authentication

Authentication in a safe and convenient way without mobile.
You authenticate yourself simply with your face.

Safe delivery

Delivery with secured and safe transaction.
You send and receive safely and quickly with
Kakao Pay delivery service.

Integrated financial management

Integrated financial management in one platform. Kakao Pay allows
you to monitor and transact within the financial management

a lifestyle platform

Kakao Pay connects finance to finance
and all these connected services
become a way of living your life.

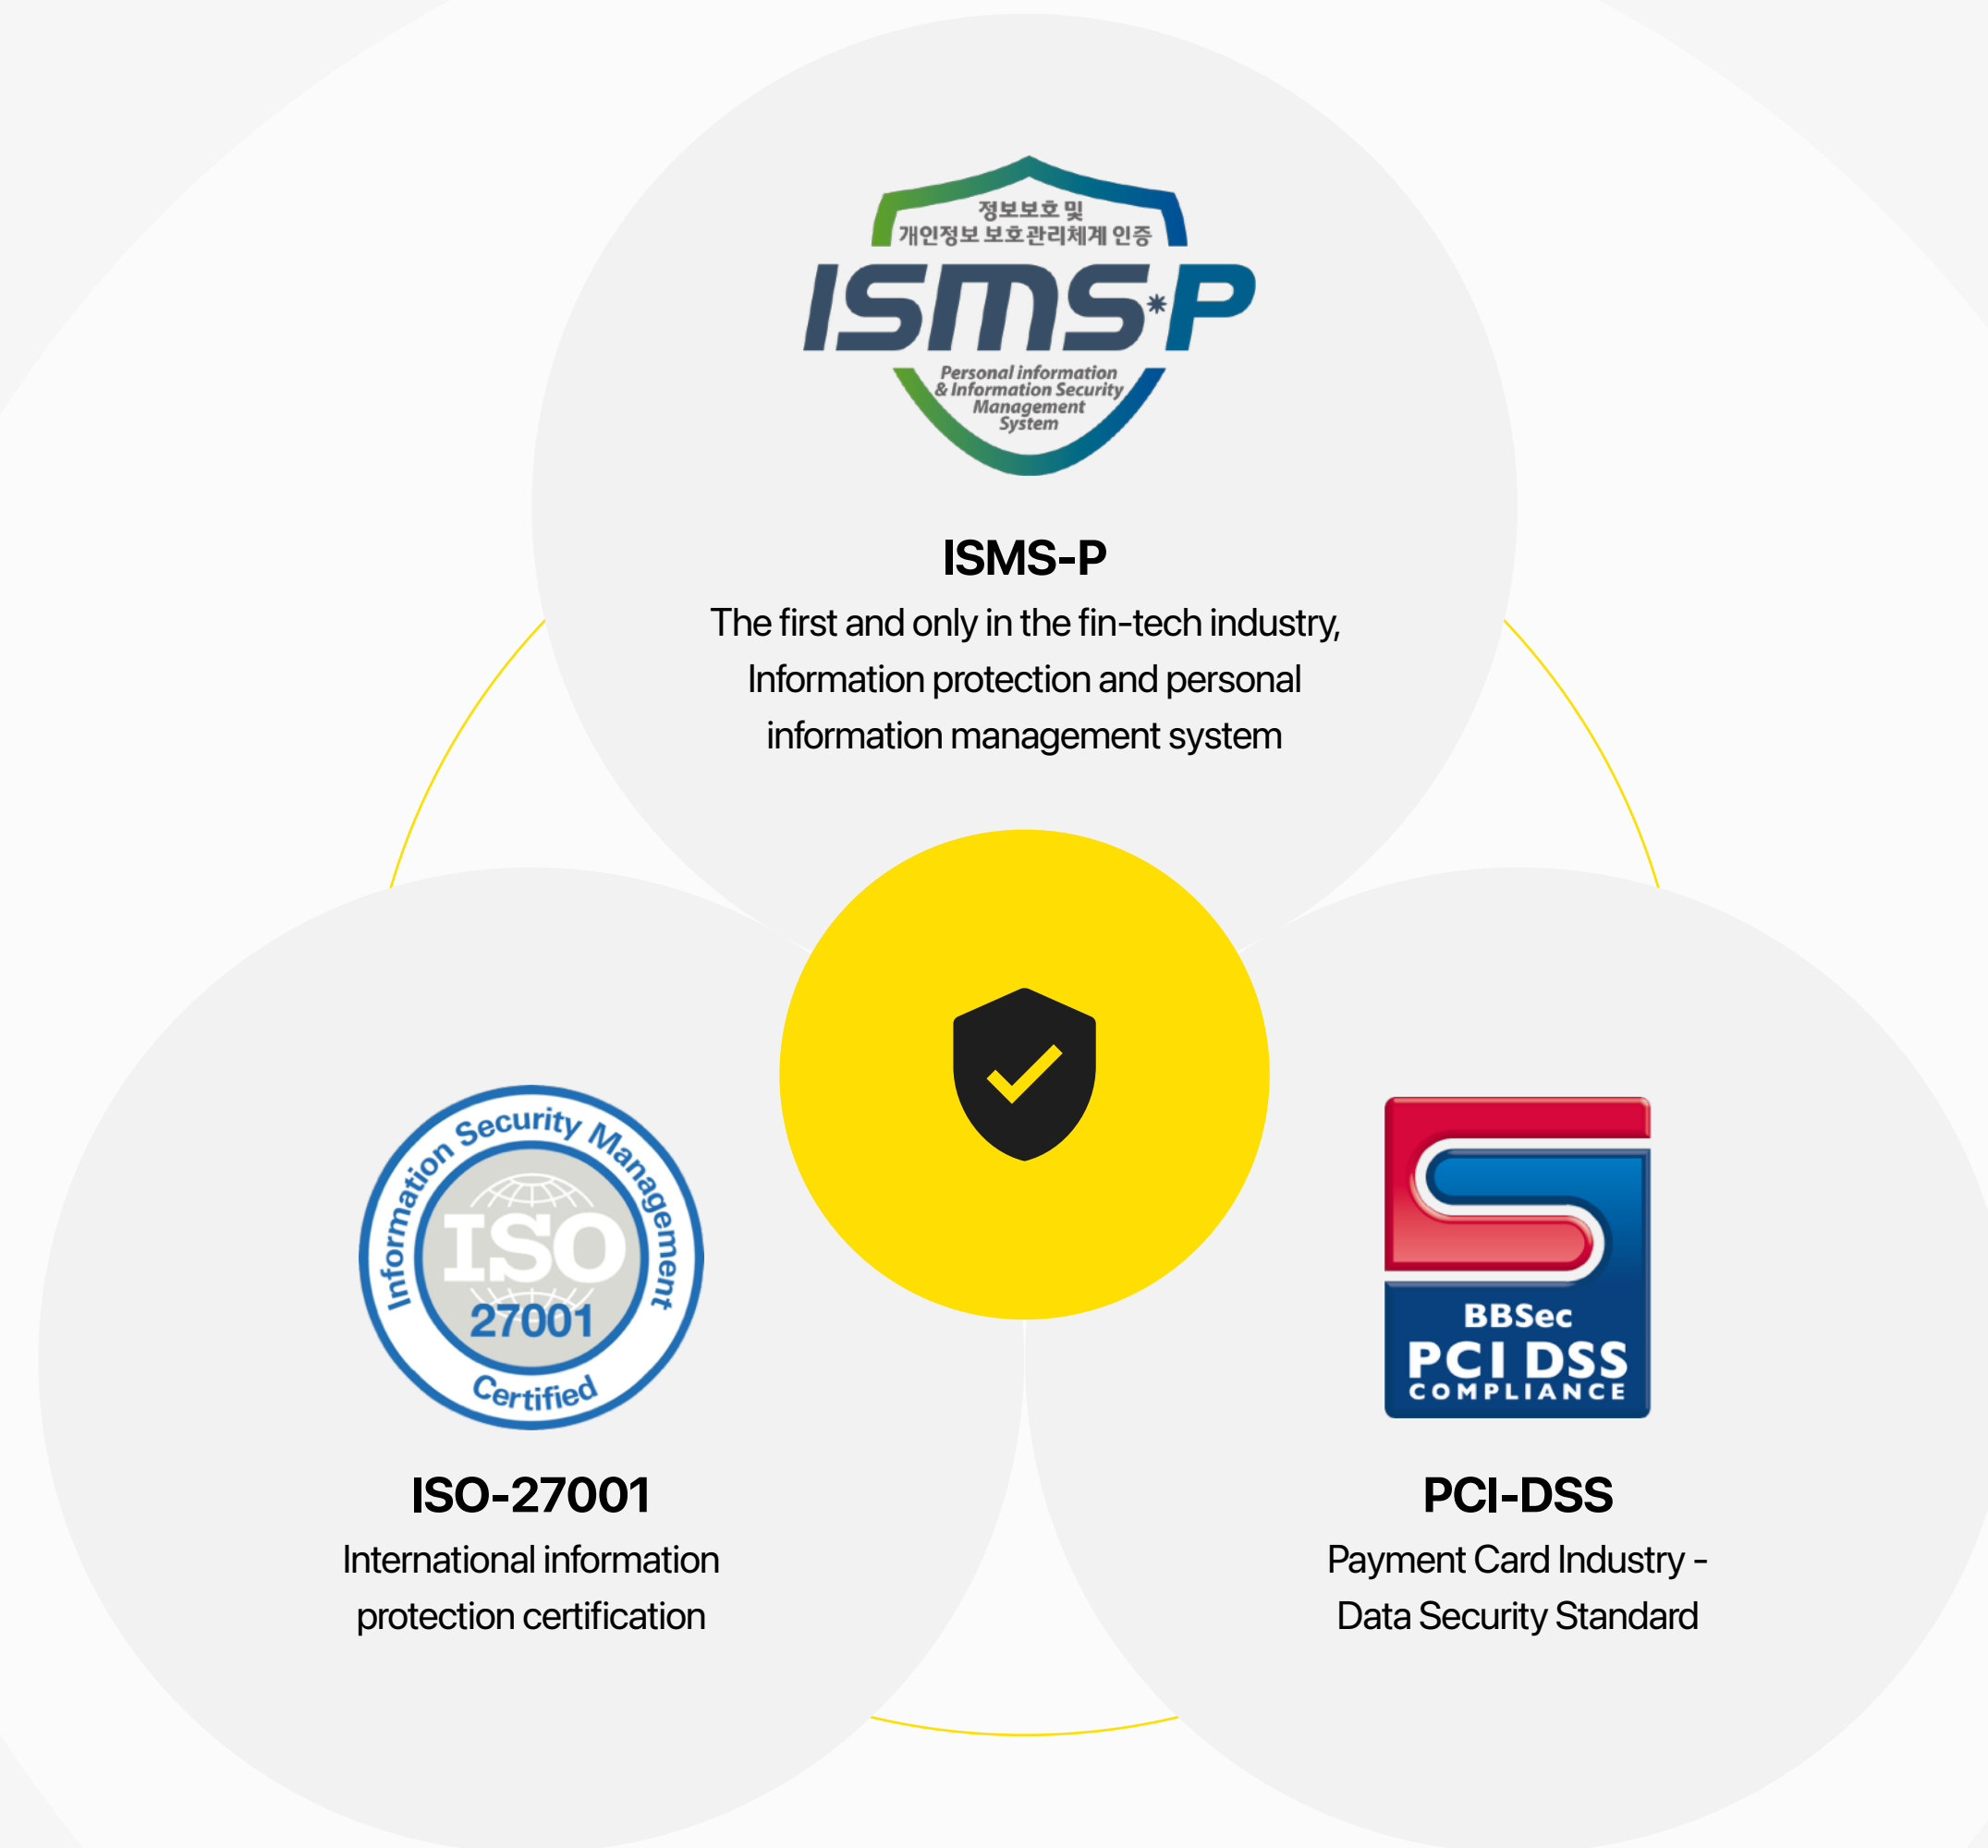

think right

Our effort for a better society.

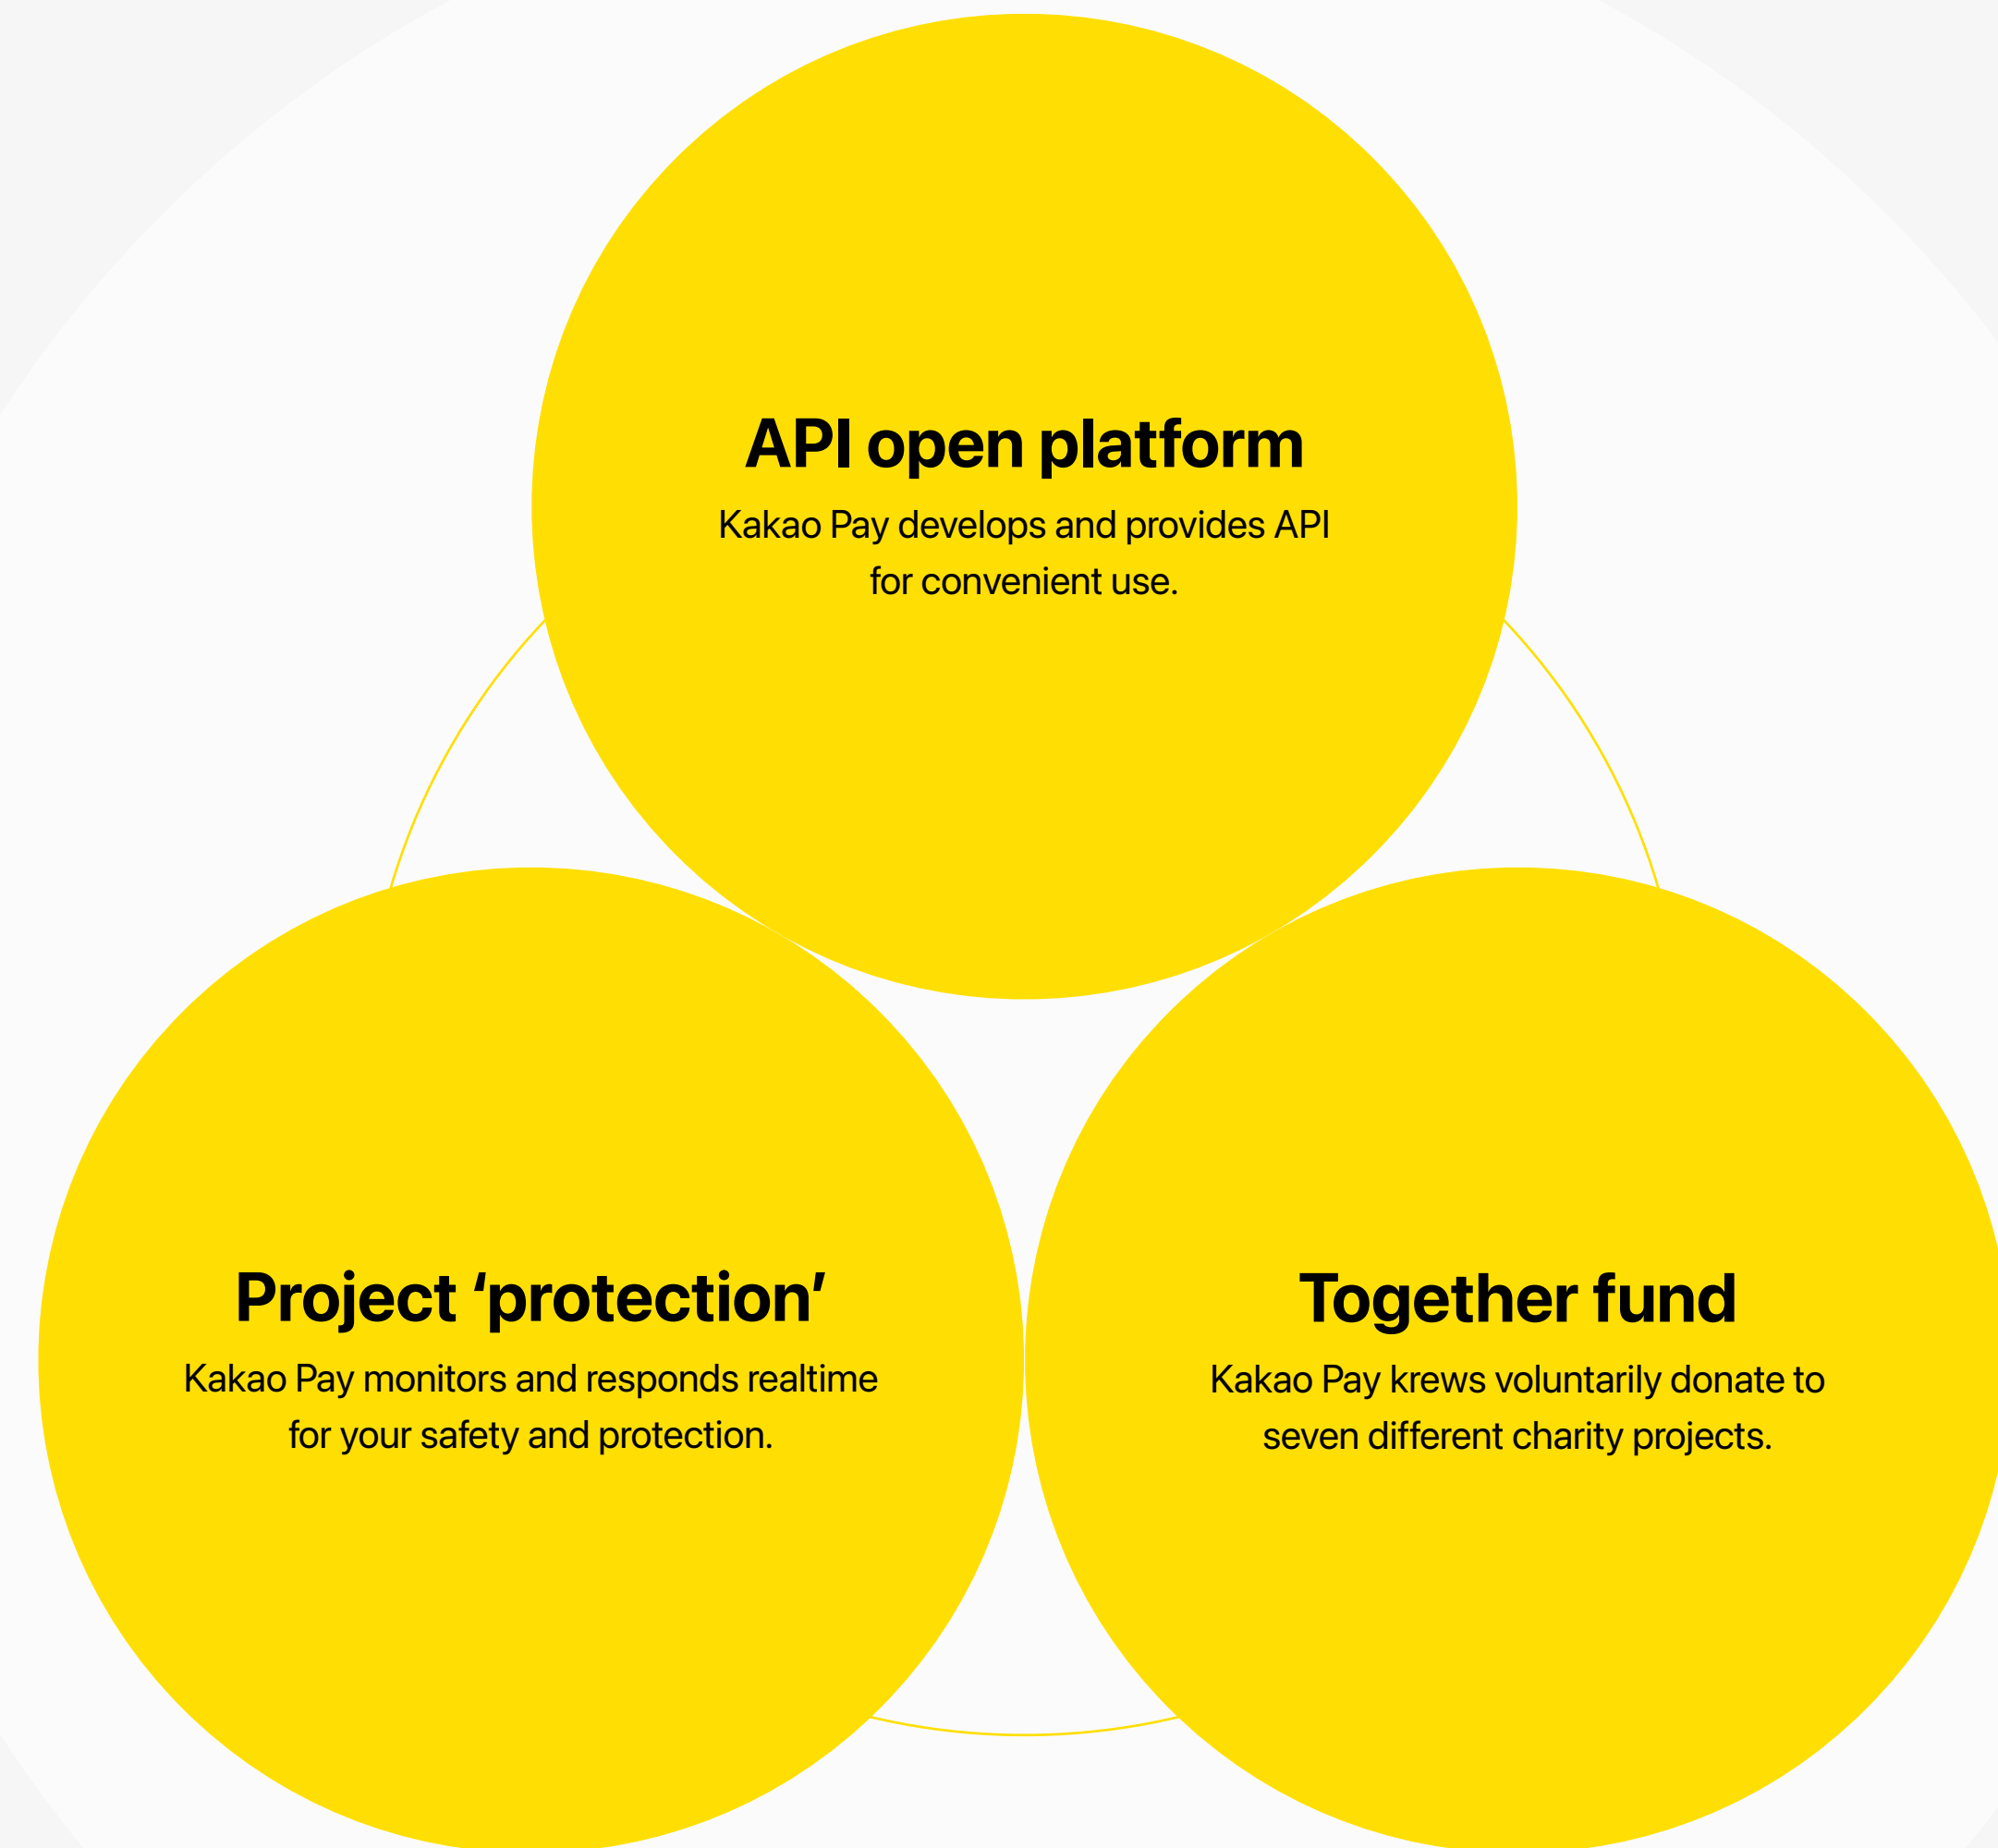

devote our effort for a better security

In order to create a safe financial society for users, Kakao Pay have achieved rigorous security certification and established our own security system.

devote our effort for a better society

We always think deeply and devote our effort to create a better society.
